

About Us

Amandeep Group of Hospitals is one of the leading healthcare service provider groups of the country. Amandeep Group has come a long way and its journey dates back to 1990 when it came into existence. It has expanded since then and has reached masses to provide the most effective treatments.

Kamal Hospital Tarn Taran is one hospital in the city with all the latest technology with sufficient parking facilities and OPD services, pharmacy, patient lift, in house lab, ICU and more facilities to provide easy access in all emergency conditions.

It keeps on updating the medical technology and stands out as a citadel of excellence with modern treatments and veteran doctors. Dr. Amandeep Kaur and Dr. Avtar Singh established Amandeep Hospital and at that time it was a 5-bedded specialty center for Orthopaedics and Trauma management. Rendering relentless efforts in providing the best clinical care to the patients, Amandeep Hospital evolved into a 500-bedded multispecialty center for healthcare. And it does not end here for the group has widened the scope of its healthcare provisions.

This group has many branches and associations which are helping it to serve the society with its medical assistance.

Our Vision

We, at Amandeep Kamal Hospital Strive to achieve our vision of adding years of healthy life to the people of India. We contribute positively to the welfare and well being of the community.

Our Mission

To improve health and reduce illness through patient centered quality healthcare that is accessible comprehensive, appropriate and cost effective in an environment of continuous learning.
